Resolution #54 - Authorizing Establishment of Town of Kent Climate Smart Task Force

On a motion by Supervisor Fleming

Seconded by Councilman Denbaum for discussion.

Councilman Denbaum asked if the creation and appointments are two separate items.

Supervisor Fleming replied they were but they have been combined into one resolution by Counsel. Councilman Denbaum replied he would like to vote on them separately.

On a motion by Councilman Denbaum

Seconded by Councilwoman McGlasson

WHEREAS, in October of 2019, the Town Board of the Town of Kent adopted a climate smart resolution and pledged to be a Climate Smart Community and mitigate and reduce greenhouse gas emissions while preparing for impacts of climate change and saving taxpayer dollars; and

WHEREAS, in order to be certified as a Climate Smart Community, the Town Board is required to appoint a Climate Smart Task Force, as well as it's coordinator(s); and

WHEREAS, a Climate Smart Task Force is a volunteer steering committee tasked with guiding the Town of Kent toward Climate Smart Communities Certification; and

WHEREAS, Supervisor Fleming and Councilman Ruthven have expressed an interest in serving on the Climate Smart Task Force,

Roll Call:

Councilman Denbaum – no, and begged his colleagues to reconsider this, we have had this discussion before. Stating there are no more plastic bags because of great ideas from our fearless leader Cuomo such as this. It does nothing but create a hardship on the citizens. You spend \$10.00 on bags or paper bags that rip. Everyone is using the same bags that have not been sanitized or washed in this health crisis where it would make total sense to have nice clean plastic bags, quickly given out and moved along. It's a disaster, unsafe because of ideas that come out of task forces like this. We do not need an Andrew Cuomo task force to figure out climate.

Councilman Ruthven – aye and said we have been meeting since June as a subgroup, not officially because the Climate Smart Task Force was not official. They have been discussing what's needed to get their certification, going through the list of items to be certified and possible funding opportunities that open upon certification. They've never talked or discussed bags as it was not part of Certification for Climate Smart. He said the people on this are very interested in the environment as he. He said the ideas are sound, nothing that he knows of is coming out of the Governor's Office that the Town has to do. It opens up opportunities that we can make things better. Many municipalities are doing this in Putnam and voted yes.

Councilman Huestis asked if there is coordination with the towns and the county. Councilman Ruthven replied yes.

Councilman Huestis – aye he will go along with the Task Force, he is not sure how far it will get in Kent but he will support the cause.

Councilwoman McGlasson – aye. She will support the establishment of the Task Force with Councilman Ruthven and Supervisor Fleming.

Supervisor Fleming – She thinks being environmentally conscious is good for the town. She thinks it is a step in the right direction. Councilman Ruthven has been working hard on this along with Ann Balant-Campbell and members of the CAC being environmentally conscious and smart is more than just plastic bags although plastic bags certainly cause grave environmental issues. As Councilman Ruthven stated it is beyond that discussion it is a step we should be taking and supports all the work he and Ann have done already on it and voted yes.

Motion carried

Appoint Co-Coordination of the Climate Smart Task Force

Organization Meeting January 5, 2021

On a motion by Councilman Denbaum

Seconded by Supervisor Fleming

The Town Board hereby creates the Kent Climate Smart Task Force; and

BE IT FURTHER RESOLVED, that the Climate Smart Task Force shall be advisory to the Kent Conservation Advisory Committee and shall consist of the members of the Kent Conservation Advisory Committee, Supervisor Fleming and Councilman Ruthven, other representatives of Town offices and/or committees, and interested members of the community; and

BE IT FURTHER RESOLVED, that the Town Board hereby appoints Christopher Ruthven and Anne Campbell as co-coordinators of the Climate Smart Task Force.

Roll Call

Councilman Denbaum – He said this is hard in person and harder on Zoom, but wanted to clarify to Councilman Ruthven that his qualms has nothing to do with him or his work. He knows him to be a reasonable person that cares about the hunting aspects of the environment and environmental conservation. He thinks the ideas he will bring to the table will be ones that are needed, he objects to the original one as he does not think it is needed and thinks it ends up ten to twelve years down the road being other then the vehicle it is now. He said the Police task has questions that are originated from people that do not share his values and share the values of the community, so similar to that his worry is not about Chris and Maureen's association with it but with people who do not share will move this along in ways creating more hardship and voted no to add Ann Campbell.

Councilman Ruthven – aye. He has worked with Ann on this project and on the CAC she is dedicated to this type of stuff, very knowledgeable. She is truly the work force behind a lot of what they get done. He said when Climate Smart is made clearer to those it is a vehicle to what we want, it is not an agenda, it is a way for us to obtain funding for projects that we want to fund. We make that choice as a town board; no one is making that choice for us. He thinks it is up to the task force to educate the public so that everyone has a better understanding so there is no misconception that this is some kind of green new idea being shoved down anyone's throat, this is not what it is and voted yes for Ann.

Councilman Huestis – no

Councilwoman McGlasson – no. She would like to see other interested members on the committee before adding.

Supervisor Fleming – said she is shocked and disappointed in this board making this a political statement. We all know Ann has ran for office, maybe that figures into this, she has been involved in this process and actually spearheading this with Councilman Ruthven the absolute moving force. We have had multiple meetings and discussions; she has come up with plans. The work she has done already on this is far beyond what elected officials do. To vote her down. Chris has been working on this, it is his recommendation. To vote her down based on nothing. She thinks it is disgraceful to look for other volunteers that share our points of views. She does not know what that means. We did not vote down other political people that have been on committees they all passed. To vote her down with the work is disgraceful and voted yes.

Motion not carried

NOW, THEREFORE, BE IT RESOLVED, that the Town Board authorizes the carryover of any outstanding vacation time of Lizalyn DiPierro as of December 31, 2020 into the 2021 calendar year, on the condition that they be used on or before January 8, 2021.
Motion carried unanimously

Resolution #57 - Accepting Resignation of Member of the Kent Beautification Committee

On a motion by Councilman Denbaum
Seconded by Councilman Huestis, he was disappointed to see Erica resign. She was very active under the Beautification scope of things. He said it is with regret.

WHEREAS, the Town of Kent wishes to accept the resignation of Erika Nitz as a member of the Town of Kent Beautification Committee;

NOW, THEREFORE, BE IT RESOLVED, that the Town Board accepts the resignation of Erika Nitz as a member of Town of Kent Beautification Committee, with thanks for her service.
