

**Kent Climate Smart Committee meeting
November 23, 2021**

Attendees: Anne B. Campbell, Bill Volckmann, Kathy Kahng, Pamela Wadler.

Hudson River Estuary grant awarded for NRI

Follow up with Caleb Duncan Millennium Strategies on official start date and funds

Community Solar Campaign

Town board has voted to accept funds from Ampion and NYSERDA; Confirm funds are allocated for climate work

Ampion has a 2 week to 3 months wait; we decided continue to offer their services as a second option because they offer one bill with NYSEG

Power Market will also be offered

Kent Climate Smart website needs to be updated; right now it points to Sustainable Putnam which only offers Power Market; not Ampion

ICLEI – Local governments for sustainability

Recommended we become member; check membership fees – to help with town greenhouse gas inventory and climate action plan.

Meeting Date

Consider changing to the 4th Weds. of the month

Next Meeting

Wed. Dec. 22 at 7:00
